

Trucking Association of New York 2022 GOLDEN WRENCH AWARD APPLICATION

The distinguished Golden Wrench Award is presented by the TANY Safety Council to honor the best heavy vehicle technicians in New York State. It was established to recognize the outstanding efforts, achievements and contributions of those who work behind-the-scenes to ensure commercial motor vehicles are safe on the road. Member companies may nominate technicians they feel exemplify professionalism, a commitment to safety, and who set an example for others both within and outside of the industry.

Candidate Qualifications

Each candidate must:

- Be employed by a company within the membership of TANY
- Be a New York State resident employed at a New York State business location
- Have at least two years of full-time employment as a heavy vehicle tech with present employer
- Have a job attendance record with fewer than two days of unexcused absences in 2022
- Have an accident-free workplace record in 2022

How It Works

The top five technicians from throughout New York State are selected as finalists who are then invited to attend the Awards Banquet with a guest on June 10, 2023 in Syracuse, NY where one will be selected and announced as the Statewide Golden Wrench Award winner.*

Finalists will receive an award and a \$100 cash prize. The statewide winner will receive an award, a \$500 cash prize, and will be invited to attend the Annual Management Conference with a guest where they will be honored at the recognition banquet. A complimentary hotel room for two (2) nights and registration for two (2) people to the conference will be provided.

Publicity for all finalists will include press releases distributed to media in both the submitting company and technician's town or city, acknowledgment on TANY's social media platforms, and in both the member-only weekly *Friday Final* newsletter and quarterly *Milepost* magazine.

** Any applicant who has won the statewide title within the past two years isn't eligible to win but can still qualify as a finalist.*
